Product description:

This laundry box is a rediscovered classic made of solid, highly durable, oak. It is a very practical container with a large amount of storage space. The lid is lifted by a small leather handle on the top and the handles on each side make it possible to move the box around easily while in use. The two parallel grooves let the air inside the box ventilate naturally, an important feature for a laundry box. The lower cut of the two legs angles the piece so as to give it a feeling of being lifted up making the overall design solid and robust but also stylish. The A Line Laundry Box is a special piece of furniture that can take a prominent position in your home.

Designer's thoughts:

"Our wish was to create a classic, yet simple laundry box with beautiful details around the lid. The elongated format adds to a refined appearance that takes up minimal space wherever placed." - Herman Studio
